Subject: RE: Eureka Biosolids Meeting

I'll set up a teleconference line.

Lauren

Subject: Eureka Biosolids Meeting

To all,

It would seem a conference call tomorrow (Wednesday, Dec. 11) at 3:00 pm would be the best fit to have representation from both agencies as well as the City of Eureka. We would like to start promptly at 3:00 to make sure we have enough time to work our way through any issues that must be addressed.

I have also invited Nina Cavett-Cox from the Army Corps as she has provided guidance on jurisdictional issues.

Would we be able to use a conference line from the EPA like last time? Please let me know as soon as possible so I can make alternative arrangements. I will make sure there is a call-in number in place before the end of today.

Thanks you,

Travis Clohessy, EIT
Project Coordinator
